

StarBand Satellite System - from Tombigbee.Net

These are the minimum requirements in order to install the software to allow access to HSI Satellite Internet. Please note that we recommend at least **256MB of RAM** on all systems, 256MB of ram will greatly improve the operation of the system when downloading information.

Operating System	Windows 98, SE, ME, 2000 or XP
CPU	Pentium II 300 Mhz or greater
RAM	64MB (128MB for Windows 2000)
Hard Drive Space	120MB free hard drive space (80 MB used after installation)
Monitor	800x 600 display
Communications Port	At least one open USB or Ethernet Port
CD ROM	CD drive must be able to read CD-Rs

Internet
BYTES

High Speed
Satellite Internet Access Service

From Tombigbee.Net | Guin, AL | 205.468.3325 X 24

Plan 1

Customer signs a one year contract for service, pays installation and equipment fee of \$1,000.00, monthly service fee of \$48.95 for twelve months. At the end of the contract the equipment belongs to the customer. If they wish to continue Internet service, their monthly fee for service will be whatever the current price is at that time.

This will be on a month to month basis.

Plan 2-A*

Customer signs a two year contract for service, pays installation and equipment fee of \$450.00, monthly service fee of \$71.95 for twenty-four months. At the end of the contract the equipment belongs to the customer. If they wish to continue Internet service, their monthly fee for service will be whatever the **Plan 1** price is at that time. This will be on a month to month basis.

Plan 2-B*

Customer signs a three year contract for service, pays installation and equipment fee of \$450.00, monthly service fee of \$66.95 for thirty-six months. At the end of the contract the equipment belongs to the customer. If they wish to continue Internet service, their monthly fee for service will be whatever the **Plan 1** price is at that time. This will be on a month to month basis.

Plan 3 *

Customer signs a three year contract for service, pays installation and equipment fee of \$100.00, monthly service fee of \$ 79.95 for thirty-six months. At the end of the contract the equipment belongs to the customer. If they wish to continue Internet service, their monthly fee for service will be whatever the **Plan 1** price is at that time. This will be on a month to month basis. All equipment carries a 12 month warranty. On all packages there is a 30 day guarantee of satisfaction. If the customer is unhappy with the service they will only have to pay a \$100.00 installation fee. There will not be a charge for removing the equipment.

**Plans 2-A, 2-B and 3 available only with approved credit.*
